Overview

Hi there! My name is Vigneshwaran, and I specialize in web development and UI design. With over 10 years and 9 months of experience, I have honed my skills as a UI developer. I have strong expertise in HTML, CSS, and JavaScript, along with proficiency in design tools such as Adobe XD and Figma. Currently, I serve as a Senior Associate Developer at Boston Harbor Consulting.

Throughout my career, I've worked extensively with various UI technologies, including SAP CPQ UI customization, Adobe Experience Manager (AEM), TeamSite, and frameworks/libraries like Angular and React. I also have a solid understanding of Figma-based design workflows.

Work Experience

BOSTON HARBOR CONSULTING

June 2023 – July 2025

SENIOR ASSOCIATE DEVELOPER UI/UX

Project:	Quickly.App
	Quickly.App is a cloud-based low-code application development platform designed to accelerate enterprise software delivery. It allows developers and business users to build scalable web and mobile applications quickly using visual tools like drag-and-drop page builders, workflow automation, and reusable components.
Brief:	The platform emphasizes rapid prototyping, AI-assisted development, and governed deployment environments, making it suitable for both citizen developers and IT teams. It supports seamless integration with third-party systems like SAP, Salesforce, and internal APIs, enabling end-to-end business automation.
Technologies:	Mockup Design, HTML5, CSS3, SCSS, JavaScript, Angular.
Tools & Technologies:	Quickly.App, SAP CPQ, Figma, Git, JIRA, Visual studio code, Notepad++, Sonar Lint, Adobe Illustrator, Cursor
Team Size:	120 Members
